

TIME (CST)	SESSIONS		
2:30 pm - 3:00 pm	LOBBY & INFORMATION DESK OPEN		
3:00 pm - 3:15 pm	WELCOME & INTRODUCTORY REMARKS		
	SPEAKER: Elizabeth Krupinski, PhD <i>Vice President, Society for the Education and the Advancement of Research in Connected Health Southwest Telehealth Resource Center Emory University</i>		
3:15 pm - 3:50 pm	PRESENTATION I		
	Virtual Mental Health Care in the Veterans Health Administration: An Immediate Response to COVID-19 SPEAKER: Leslie Morland, PsyD <i>University of California-San Diego</i>		
3:50 pm - 4:00 pm	RESEARCH FLASH A		
	In this fast-moving session, we highlight research abstracts in a one-minute, rapid-fire video format. Watch closely.. it's done in a flash!		
4:00 pm - 4:30 pm	POSTER HALL A		
	State of the Art, Policy, and Research <i>Attendees can meet the following poster presenters LIVE in their breakout rooms. Each presenter will be available to attendees to present their poster, discuss the research and project, and answer any questions you may have. A great opportunity to build future research collaborations</i>		
	A1 Cost Minimization Analysis of a Teledermatology Triage System in an Urban Safety-Net Hospital Adam Zakaria, BA, University of California San Francisco	A62 Pursuing Methodological Clarity in Telehealth Effectiveness Research Jonathan Neufeld, PhD, University of Minnesota Institute for Health Informatics, Great Plains Telehealth Resource Center	A26 Bedside Telemedicine During a Pandemic: A Community Collaboration Kristin Carlton, Children's Hospital of Texas
	A78 Evaluating Disparities in Access to Telehealth at a Pediatric Gastroenterology Clinic During a Pandemic: A Preliminary Analysis Abigail Russi, MD, PHD, Cincinnati Children's Hospital	A55 Reducing NICU Length of Stay and 90-Day Readmissions Through the Use of Remote Patient Monitoring Tanya Cahill, MD, Cincinnati Children's Hospital	A43 Treatment of Opioid Use Disorder during COVID-19: Experiences of Clinicians Transitioning to Telemedicine Lori Uscher-Pines, PhD, RAND Corporation

TIME (CST)	SESSIONS
4:30 pm - 5:30 pm	<p>A FIRESIDE CHAT Social Determinants & Health Equity in Telehealth</p> <p>SPEAKER: Kenny Kronfirst, MD, MS, MPH <i>Northwestern Feinbrg School of MEdicine Ann & Robert H. Lurie Children's Hospital of Chicago</i></p> <p>Jennie Joseph, Licensed Midwife, CPM <i>Commonsense Childbirth, Inc</i></p> <p>Jennifer Reneker, PT, MSPT, PhD <i>University of Mississippi Medical Center</i></p>
5:30 pm - 6:30 pm	<p>WHAT'S NEXT / TABLE TALKS</p> <p>SPEAKER: Elizabeth Krupinski, PhD <i>Society for the Education and the Advancement of Research in Connected Health (SEARCH) Southwest Telehealth Resource Center Emory University</i></p>

TIME (CST)	SESSIONS		
9:00 am	LOBBY & INFORMATION DESK OPEN Virtual lobby will be open all day!		
10:10 am – 10:30 am	RESEARCH FLASH B In this fast-moving session, we highlight research abstracts in a one-minute, rapid-fire video format. Watch closely.. it's done in a flash!		
10:30 am – 11:00 am	POSTER HALL B Research - Patients & Providers <i>Attendees can meet the following poster presenters LIVE in their breakout rooms. Each presenter will be available to attendees to present their poster, discuss the research and project, and answer any questions you may have. A great opportunity to build future research collaborations</i>		
	B59 Telestroke quality assessment surveys; Our plan for system-wide assessment Aliza Brown, PhD University of Arkansas for Medical Sciences	B32 Hospice team members' perceptions of telehealth adoption in rural and frontier communities Ilana Engel, BA, University of Kansas Medical Center, Hospice Services and Palliative Care of North-west Kansas	B16 Telehealth barriers to care amongst a complex, geriatric population Diab Ali, BSc & Monica Gillie, BSc, University of Queensland, Ocsner Clinical School
	B100 Patient satisfaction of telemedicine remote patient monitoring (RPM) services: A systematic review Parker Rhoden, MHA, Medical University of South Carolina	B5 The Quadruple Aim in Asynchronous Telemedicine: A Systematic Review Catanya Stager, MA, University of Alabama, Crimson	B17 A Telehealth Literacy Screening Tool for Healthcare and Research Diab Ali, BSc & Monica Gillie, BSc, University of Queensland, Ocsner Clinical School
	B40 Evaluation of providers' and parents' satisfaction with neonatal services provided in a level II NICU utilizing Hybrid form of Telemedicine Gene Hallford, PhD, University of Oklahoma Health Sciences Center, Division of Newborn Medicine, Department of Pediatrics	B44 Experiences of Community Health Centers in Expanding Telemedicine: A Mixed Methods Evaluation Lori Uscher-Pines, PhD, MSc, RAND Corporation	B65 Barriers to and Facilitators of the Adoption of Telehealth among Healthcare Providers in Mississippi: A mixed methods study Michelle Williams, PhD, MSPH, MPH, MCHES, George Mason University
	B48 Potential healthcare cost saving of the Antenatal and Neonatal Guidelines, Education and Learning System (ANGELS) Nurse Call Center for Obstetric Services Nalin Payakachat, PhD, University of Arkansas for Medical Sciences	B49 Scientifically Validated AI-based Solution for Self-triage Oscar Garcia-Esquirol, Hospital Clinic de Barcelona, Emergency Department	
11:00 am – 11:15 am	WELCOME & INTRODUCTORY REMARKS		
	SPEAKERS: David Fletcher, MBA <i>Geisinger Health</i> Heather Dimeris, MS, RD <i>Human Resources and Services Administration</i>		

TIME (CST)	SESSIONS		
11:15 am – 12:00 pm	KEYNOTE PRESENTATION II Post-Pandemic: Funding Agency Perspectives		
	<p>GUEST SPEAKER: Heather Dimeris, MS, RD <i>Human Resources & Services Administration</i></p> <p>SPEAKERS: William England, PhD, JD <i>Health Resources and Services Administration</i></p> <p>Roxanne E. Jensen, PhD <i>National Cancer Institute</i></p> <p>Penny Mohr, MA <i>Patient-Centered Outcomes Research Institute (PCORI)</i></p>		
12:00 pm – 12:10 pm	BREAK		
12:10 pm – 12:30 pm	EDUCATION BURST I Human Factors in Research		
12:30 pm – 12:40 pm	RESEARCH FLASH C In this fast-moving session, we highlight research abstracts in a one-minute, rapid-fire video format. Watch closely.. it's done in a flash!		
12:30 pm – 1:00 pm	POSTER HALL C Research & COVID-19 <i>Attendees can meet the following poster presenters LIVE in their breakout rooms. Each presenter will be available to attendees to present their poster, discuss the research and project, and answer any questions you may have. A great opportunity to build future research collaborations</i>		
	C21 Virtual Rounding for Displaced Medical Students During COVID-19 Adam Zakaria, BA, University of California San Francisco	C66 Paternal participation in rounds using telehealth Anirudha Das, MD, Cleveland Clinic Children's Hospital	C28 Fostering a culture of resilience: A video-conferencing series to support healthcare workers during the COVID-19 pandemic Stephanie Punt, MA, University of Kansas Medical Center

TIME (CST)	SESSIONS		
12:30 pm – 1:00 pm	POSTER HALL C (CONT.) Research & COVID-19 <i>Attendees can meet the following poster presenters LIVE in their breakout rooms. Each presenter will be available to attendees to present their poster, discuss the research and project, and answer any questions you may have. A great opportunity to build future research collaborations</i>		
	C99 Zero to 100 in 30 - Rapid Deployment of Sustainable Virtual Care Programs During Covid-19 Pandemic Tamara Perry, Children’s Health System of Texas	C79 Attitudes and Perceptions of Telemedicine in Response to the COVID-19 Pandemic: A Survey of Naïve Healthcare Providers Dana A. Schinasi, MD, Ann & Robert H. Lurie Children’s Hospital of Chicago	C12 Does Telehealth in Emergency Departments (EDs) lower ED Cost? Dunc Williams, Jr., PhD, Medical University of South Carolina
	C60 Telehealth Outcomes Research: Show Me the Data Jillian Harvey, MPH, PhD, Medical University of South Carolina	C91 A No-Show Rate and No-Show Cost Comparison Between Epilepsy Patients Receiving Video-Call Encounters and In-Clinic Encounters Manuel C. Alvarado, MPH, Boston Medical Center	C95 Public Insurance Status and Primary Care Telemedicine Visits for Children During the COVID-19 Pandemic Nymisha Chilukuri, MD, Johns Hopkins University School of Medicine
	C96 Evaluating Virtual Care Super Users during COVID-19 Weyjuin Chao, MD, Icahn School of Medicine, Mount Sinai		
1:00 pm – 1:45 pm	BREAKOUT SESSION 1		
	TRACK A Panel: Models of Virtual Care & Cost Analysis		
	Virtual vs traditional care settings for low-acuity urgent conditions: An economic analysis of cost and utilization using claims data P19 Tim Lovell, Intermountain Healthcare	A Generative Co-Design Framework for Virtual Care Innovation P56 Marissa Bird, McMaster University	Models of Virtual Care and Cost Analysis Alison Curfman, MD, Mercy Virtual
TRACK B Telehealth in the Time of COVID			
Virtual Urgent Care: From Hurricanes to Pandemics P105 Jillian Harvey, Medical University of South Carolina (MUSC)	Remote Patient Monitoring for COVID-19 Patients After Ed Discharge P98 Ahmad Aalam, King Abdulaziz University, Saudi Arabia; George Washington University	Rapid Implementation of an Interprofessional 1-800-COVID-19 Hotline Call Center to Support a Public Health Crisis P38 Kevin Sexton, MD, Institute for Digital Health & Innovation, University of Arkansas for Medical Sciences	
1:45 pm – 2:00 pm	BREAK		

TIME (CST)	SESSIONS		
2:00 pm - 2:45 pm	BREAKOUT SESSION 2		
	TRACK A Emergency Care and Management		
	What Drives Greater Assimilation of Telestroke in Emergency Departments? P42 Lori Usher-Pines, RAND Corporation, Massachusetts General Hospital, Wake Forest School of Medicine	Ophthalmology Residents as In Situ Telemedicine Extenders in the Emergency Department during the COVID-19 Surge P33 Jessica Fleischer-Black, Icahn School of Medicine, Mount Sinai	The Impact of PICU to ED Telemedicine on Changes in Severity of Illness P39 Elizabeth Dorwart, Stanford University
2:45 pm - 2:55 pm	BREAK		
	BREAKOUT SESSION 3		
2:55 pm - 3:40 pm	TRACK A Education and Innovation		
	Integration of a Checklist to Assess Telehealth Etiquette in an Online Training Program P64 Beverly W. Henry, Old Dominion University, Center for Telehealth-Innovation, Education & Research	Using the ECHO Model to Address the Needs of Healthcare Professionals During an Emerging Threat P83 Jessica Leffelman, American Academy of Pediatrics, Northwell Health Hospital, Newton Medical Center, Columbia University, Irving Medical Center	Utilizing Emergency Medical Technicians as Telehealth Facilitators in Addressing Changes in Condition for Home-based Primary Care Patients P74 A.Camille McBride, Northwell University, West Health Institute
	TRACK B Obstetric, Neonatal, and Pediatric Interventions		
A Qualitative Analysis of the Impact of Videoconferencing with the Premature Infant on Breast Milk Expression P34 Adrienne Hoyt-Austin, DO, University of California-Davis Medical Center, Pediatrics	Evaluation of a Telemedicine Program Managing High-Risk Pregnant Women with Pre-Existing Diabetes P20 Yi-Shan Sung, PhD, University of Arkansas for Medical Sciences	An investigation of the efficacy of the Telepractice service delivery model as compared to the In-person service delivery model using a phonemic awareness intervention with Head Start Preschoolers P88 Pamela Storey, ClinScD, CCC-SLP, Rocky Mountain University, Brigham Young University	

TIME (CST)	SESSIONS		
3:40 pm – 3:50 pm	RESEARCH FLASH D In this fast-moving session, we highlight research abstracts in a one-minute, rapid-fire video format. Watch closely.. it's done in a flash!		
3:50 pm – 4:30 pm	POSTER HALL D Research & Programs <i>Attendees can meet the following poster presenters LIVE in their breakout rooms. Each presenter will be available to attendees to present their poster, discuss the research and project, and answer any questions you may have. A great opportunity to build future research collaborations</i>		
	D11 Use Of Telemedicine For Retinopathy Of Prematurity Examination In A Level II NICU Abhishek Makkar, MD, University of Oklahoma Medical Center	D23 Diagnostic Breakdown and Healthcare Utilization among Patients Triageed through Teledermatology at a Large, Safety-net Hospital Adam Zakaria, BA, University of California San Francisco	D41 Telemedicine in Adult and Pediatric Neurology: Patient and Physician Perspective on Current and Future Use Anne-Marie Morse, DO, Geisinger Health
	D7 How to Develop a Great Systematic Literature Review Manuscript Nathan Culmer, University of Alabama	D85 Emergency Medical Technicians' Perspectives on a Novel Telehealth Care Delivery Model serving Homebound Older Adults A.Camille McBride, Northwell University	D73 Are Video-conferenced Mental and Behavioral Health Services Just as Good as In-Person? Ashley B Batastini, MS Center for Clinical and Translational Research, University of Southern Mississippi, Michigan Dept of Health & Human Services
	D67 A Post-Discharge Intervention for Stroke Caregivers: Protocol Description of the Randomized Controlled Trial Avi Lamba, Flint Hill School, N. FL/S. GA Veterans Health System, University of Florid	D51 Pediatric Palliative Care Remote Patient Monitoring Pilot Study Tina Gustin, DNP, CNS, RN, The Children's Hospital of the King's Daughters	D72 Development of the continuous virtual monitoring (CVM) program at the Medical University of South Carolina (MUSC) Parker Rhoden, MHA, Medical University of South Carolina
4:30 pm – 5:00 pm	PRESENTATION III Getting Informed Consent within Telemedicine Research SPEAKER: Elizabeth Krupinski, PhD <i>Society for the Education and the Advancement of Research in Connected Health Southwest Telehealth Resource Center Emory University</i>		
5:00 pm – 6:30 pm	WHAT'S NEXT / TABLE TALKS SPEAKER: Jim Marcin, MD University of California, Davis		

TIME (CST)	SESSIONS		
9:00 am	LOBBY & INFORMATION DESK OPEN Virtual lobby will be open all day!		
10:10 am – 10:30 am	RESEARCH FLASH E In this fast-moving session, we highlight research abstracts in a one-minute, rapid-fire video format. Watch closely.. it's done in a flash!		
10:30 am – 11:00 am	POSTER HALL E Administration & Research <i>Attendees can meet the following poster presenters LIVE in their breakout rooms. Each presenter will be available to attendees to present their poster, discuss the research and project, and answer any questions you may have. A great opportunity to build future research collaborations</i>		
	E14 Rapid Implementation of Telemedicine in an Academic Movement Disorders Center During a Pandemic Christine D. Esper, MD, Emory University	E69 Virtual Family-Centered Rounds in the Neonatal Intensive Care Unit: A Pilot Trial Jaskiran Ranu, MD, University of California Davis	E53 Development of Resource-Appropriate Telemedicine-Augmented Mental Health Initiative In Rural Guatemala: “Colega A Colega” Prashanth Fenn, University of Louisville
	E54 Pediatric Subspecialty Telemedicine use during COVID-19 Pandemic: The Patient Perspective Rajdeep Pooni, Stanford University	E63 Challenges of leveraging video-to-home technologies to deliver care for frail older adults during the COVID-19 Avi Lamba, University of Miami Miller School of Medicine, Frailty Clinic	E76 Variation in telemedicine adoption in a pediatric primary care network during COVID-19 Pandemic Kelsey Schweiberger, MD University of Pittsburgh School of Medicine, UPMC Children’s Hospital
	E46 Where Virtual Was Already Reality: The experiences of a national telehealth service during the COVID-19 pandemic Lori Uscher-Pines, PhD, RAND Corporation	E15 Evaluating patients’ and neonatologists’ satisfaction with the use of telemedicine for prenatal consultations in the context of the COVID-19 pandemic Maria Lapadula, MD, Oklahoma University Health Science Center - Pediatrics	E47 How much does it cost? Cost calculation of the Antenatal and Neonatal Guidelines, Education and Learning System (ANGELS) Call Center Nalin Payakachat PhD, University of Arkansas for Medical Sciences
	E30 Development of an Intercampus Outpatient Virtual Care Experience Survey Shabnam Ziabakhsh, PhD, CE, BC Children’s Hospital, BC Women’s Hospital + Health Centre, Youth and Reproductive Mental Health Programs		
11:00 am – 11:15 am	WELCOME & INTRODUCTORY REMARKS		
	SPEAKER: Curtis Lowery, MD <i>President, Society for the Education and the Advancement of Research in Connected Healthy</i>		

TIME (CST)	SESSIONS		
11:15 am - 12:00 pm	KEYNOTE PRESENTATION IV The Rural Health Landscape SPEAKER: Alan Morgan, MPA <i>Chief Executive Officer</i> <i>National Rural Health Association</i>		
12:00 pm - 12:10 pm	RESEARCH FLASH F In this fast-moving session, we highlight research abstracts in a one-minute, rapid-fire video format. Watch closely.. it's done in a flash!		
12:10 pm - 12:30 pm	EDUCATION BURST II Survey Methodology SPEAKER: Sonja Ziniel, PhD, MA Colorado Children's		
12:30 pm - 1:00 pm	POSTER HALL F Education & Policy <i>Attendees can meet the following poster presenters LIVE in their breakout rooms. Each presenter will be available to attendees to present their poster, discuss the research and project, and answer any questions you may have. A great opportunity to build future research collaborations</i>		
	F37 Implementation of an Interprofessional 1-800-COVID-19 Hotline Call Center Training Simulation Kevin Sexton, MD, University of Arkansas for Medical Sciences Institute of Digital Health & Innovation	F22 Impact of Tele dermatology Program on Dermatology Resident Education: A Mixed Methods Analysis Adam Zakaria, BA, University of California San Francisco	F31 Site coordinators' perspectives on implementation of school-based telebehavioral health services Annaleis Giovanetti, BA, University of Kansas Medical Center
	F81 Interprofessional Telehealth Education: Operationalizing Results from a Five-Year Study Ragan DuBose-Morris, PhD, Medical University of South Carolina	F77 One-size-fits-all: formal telemedicine provider training in response to the widespread need to scale Dana A. Schinasi, Ann & Robert H. Lurie Children's Hospital of Chicago	F24 The Leap to Virtual Care: Rapid implementation and evaluation of Telehealth training post COVID-19 in a large urban subspecialty health centre in Canada Joelle Pellegrin, RN, BSN, BEd, BA, Provincial Health Services Authority (BC, CAN)
	F27 Connecting pediatric psychologists with educators: Adapting an ECHO series during COVID-19 Skylar Bellinger, PhD, University of Kansas Medical Center, Department of Peds	F57 Telehealth Certification for Educators and Providers Tina Gustin, DNP, CNS, RN, Old Dominion University	F89 Leveraging Telehealth to Care for Vulnerable Community-Dwelling Patients During a Pandemic Asantewaa Poku, MPH, Northwell Health, House Calls Program

TIME (CST)	SESSIONS		
1:00 pm - 1:45 pm	BREAKOUT SESSION 4		
	TRACK A Academics		
	Telehealth Competencies to Train the Current and Future Physician Workforce P102 Sarah Hampton, MD, Association of American Medical Colleges (AAMC) Kamilah Weems, AAMC Emily Hayden, MGH Elizabeth Krupinski, Emory University		
1:45 pm - 2:00 pm	TRACK B Pediatric Care		
	Patient and family experience with pediatric specialty telehealth visits during COVID-19 and beyond P36 Ken Tegtmeier, MD, Cincinnati Children's Hospital	Considerations for Equity in COVID-19 Pediatric Telemedicine Delivery P87 Oluwaseun Oke, MBBS, MPH, Children's Health (Dallas), University of Texas School of Public Health	Which pediatric interfacility transfers are opportunities for telemedicine? P35 Selina Varma, MD, MPH, Ann & Robert H. Lurie Children's Hospital of Chicago, Northwestern University Feinberg School of Medicine
	BREAK		
2:00 pm - 2:45 pm	BREAKOUT SESSION 5		
	TRACK A Telehealth Nursing		
	Evaluation of an Immersive Virtual Reality Intervention among Emergency Room Nurses P97 M. Lucy Galvin, MS George Washington University	Integration of Telehealth into a Nurse Triage Workflow within a Connected Health System 90 Cynthia Zettler-Greeley, Nemours Children's Health System	Bending the Curve with Telehealth Nursing: A novel post-discharge transitions of care program P82 Christina Olson, Children's Hospital of Colorado, University of Colorado School of Medicine
2:45 pm - 3:00 pm	TRACK B Medical Specialties		
	An Innovative Partnership to Improve Dermatology Practice in the Primary Care Setting P92 Morgan Davis, MD, University of Mississippi Medical Center	Implementing a Tele-Neurosurgery Program in rural New Mexico reduces unnecessary transfers and provides specialty services that were previously not available P4 Susy Salvo-Wendt, Summit Regional Medical Center - New Mexico	Telesupervised Clinical Learning in Physical Therapy Education - An Innovative Telehealth Model in Gait and Balance Community Clinic during COVID -19 and #52 Nupur Hajela, PT, DPT, PhD, Fresno State University
	BREAK		

TIME (CST)	SESSIONS		
3:00 pm - 3:45 pm	BREAKOUT SESSION 6		
	TRACK A Behavioral Health		
	Addressing Disparities in Child Behavioral Health: Findings from Randomized Controlled Trials Using Telebehavioral Health to the Home P93 Eve-Lynn Nelson, PhD, University of Kansas Medical Center, Pediatrics	Transforming Substance Abuse Care While Maintaining Quality Care and Patient Satisfaction in Response to COVID P94 Steve North, MD, Eleanor Health	Remote Patient Monitoring for Pediatric Obesity Treatment P2 Crystal Lim, PhD, Mississippi University Medical Center
	TRACK B Care Across Different Settings		
3:45 pm - 3:55 pm	COFFEE & COCKTAILS BREAK <i>Grab your beverage of choice. It is time to identify gaps, opportunities, and find out who wins the awards!</i>		
4:30 pm - 4:45 pm	PRESENTATION V Identifying Gaps & Opportunities in Research – A Discussion		
	CLOSING CEREMONIES Awards & Special Recognition		
	<p>SPEAKERS: Curtis Lowery, MD <i>President, Society for the Education and the Advancement of Research in Connected Health</i></p> <p>Elizabeth Krupinski, PhD <i>Vice President, Society for the Education and the Advancement of Research in Connected Health</i></p> <p>David Fletcher, MBA <i>Treasurer, Society for the Education and the Advancement of Research in Connected Health</i></p>
